DUNEDIN COMMUNITY FORUM

HOUSING TENANCIES

12pm Friday 26 September
Dunedin Community House
301 Moray Place

Census 2013 tells us 32% of Dunedin households are in rented accommodation.
Housing investigations highlight problems with housing affordability, dampness, and fuel poverty.
How do the tenancies protect landlords and tenants? Are they fair? Are they enforceable? Are they followed?
Law for Change Otago, the Dunedin Community Law Centre, and the Council of Social Services Dunedin are hosting a Community Forum to enable a better understanding of tenancies in Otago.
Come and join us over your lunch break and help us continue a conversation around these important issues!
